

SMART CATAMARANS

Smart Cat M280

www.smartcatamarans.com

Fun

Small family or larger family or with a lot of friends. No problem with Smart Cat M280. Spacious and comfortable deck provides you optimum playground for your family and friends. Shallow water friendly hull gives you a lot of freedom to navigate shallow water, island, intracoastal waterway, bay and sandbar.

Practical

Smart Cat M280 has everything you need. Open deck is very spacious and functional. You can enjoy cruising and party at the same time. It's compact size so you can move and dock the boat easily with no stress.

Liveaboard

Smart Cat M280 is the smallest power catamaran that has liveaboard design and layout. It has a lot of interior space with 3 queen size berths, head/shower, kitchen, office space. You can comfortably live aboard with perfect privacy.

Affordable

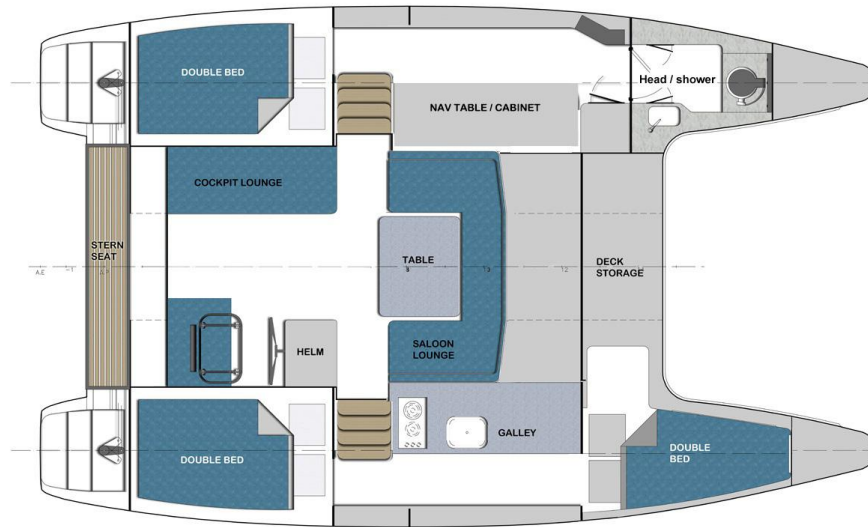

Catamaran is expensive but not for Smart Cat M280. It's very affordable at the beginning. Maintenance cost is also very low. You don't need a big marina and huge haul-out crane to service the boat. Its systems are very simple so the boat is easy to maintain and service.

- (2) x Yanmar 21 hp
- (2) X Yanmar 57 hp

Mobility & Shipping

Shipping is quite difficult and costly for catamarans because of the large volume. Hence, we developed a new way to assemble the boat so that it can be loaded on two units of 40 ft HQ containers and delivered anywhere worldwide at a low cost.

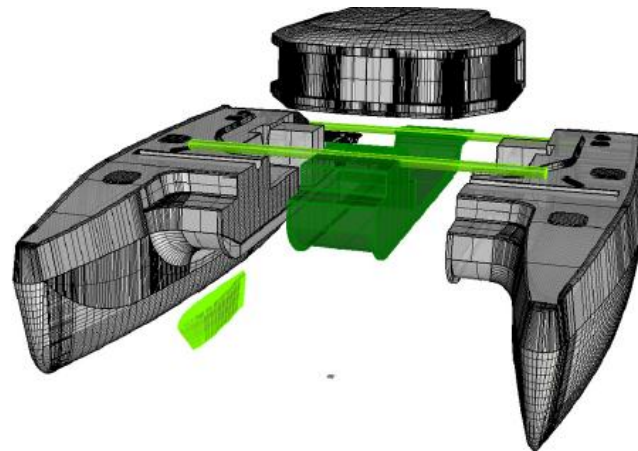

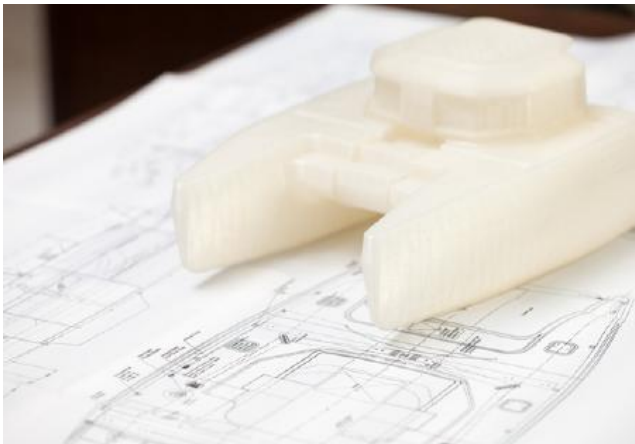

SMART CATAMARANS

Innovation, Performance, Quality by S-ComTech

S-ComTech's innovative design and engineering ability create one of the best catamarans in the industry that have never been introduced before. From design to final assembly, we pursue precise engineering levels so that our customers experience the best products. We always consider quality and functionality together. Designing the system for an easy interface is challenging but our goal is to make our customers operate the boat easily with peace of mind.
